PROTOCOL OF AGREEMENT

Agreement with Russia relating to embargoed goods.

In order to facilitate the commercial relations between the United States of America and Russia, in view of the embargo which has been placed by the Government of Russia upon the exportation of certain articles from Russia, the undersigned Robert Lansing, Secretary of State of the United States, and His Excellency George Bakhméteff, Ambassador Extraordinary and Plenipotentiary of Russia to the United States, duly authorized thereto by their respective Governments, have agreed upon the following conditions under which American citizens or firms may secure release of shipments under special permission from the Imperial Russian Government, to-wit:

Afin de faciliter les relations commerciales entre les Etats Unis d'Amérique et la Russie, vu l'embargo dont l'exportation de certains articles de Russie a été frappée par le Gouvernement Impérial de Russie, les soussignés l'Honorable Robert Lansing, Secrétaire d'Etat des Etats Unis et Son Excellence George Bakhméteff, Ambassadeur Extraordinaire et Plénipotentiaire de Russie, dûment autorisés par leurs Gouvernements respectifs à cet effet, sont convenus des dispositions suivantes relatives aux conditions sous lesquelles des citoyens américains ou des maisons commerciales américaines pourraient obtenir la levée de la prohibition pour certaines cargaisons, par permission spéciale du Gouvernement Impérial de Russie, savoir:

1.

Application for shipments.

Whenever an American merchant or firm desires to make importations from Russia he or they shall first file an application for such importation with the Commercial Agent in charge of the New York office of the Bureau of Foreign and Domestic Commerce of the Department of Commerce of the United States, which application shall set forth in detail information regarding the proposed importations, the commodities, the character of the goods, their quantities and values, the methods of payment, and the name of the Russian export firm, as well as any other details which may be required.

1.

Toutes les fois qu'un négociant américain ou une maison de commerce américaine désireraient importer de Russie des marchandises, il ou elle devront présenter, préalablement, une requête à l'Agent Commercial chargé du Bureau de New York de la Section du Commerce Etranger et Intérieur du Département du Commerce des Etats Unis, laquelle requête devra contenir des renseignements détaillés sur l'importation proposée concernant: les marchandises elles-mêmes, leur caractère, leur quantité et valeur, le mode de leur payement et le nom de la maison russe d'exportation, ainsi que tout autre détail qui pourrait être requis.

2.

Bond required.

The American importer shall further state in the application his preparedness to file with the

2.

L'importateur américain, devra en outre, déclarer dans sa requête qu'il est prêt à déposer chez le

proper Russian official in the United States a bond to the Imperial Russian Government, to the amount of the value of the goods at the port of importation as of day prior to the date of the execution of the bond. This bond shall run for a period of at least three years or until the conclusion of the war; and the said bond shall guarantee that the commodities, raw materials, or products manufactured therefrom, which it is desired to import, shall not be exported from the United States to any country unless special permission therefor be granted by the Imperial Russian Government or its representative.

3.

Upon the American importer complying with the requirements of conditions numbered one and two, the Commercial Agent in charge of the New York office of the Bureau of Foreign and Domestic Commerce of the Department of Commerce of the United States shall then make inquiries as to the standing and responsibility of the American importer, and as to such other details with respect to him as may be deemed to be required; and should he find that such importer is satisfactory in all respects, he shall approve the application and forward it to the Imperial Russian Embassy at Washington or to its representative.

4.

Upon the said application receiving the approval of the Imperial Russian Embassy or its representative, the Imperial Russian Embassy or its representative will at once seek by cable the permission of the Imperial Russian Minister of Finance for the exportation of the goods in question, it being understood that the American importer will deposit with the Commercial Agent in charge of the New York office of the Bureau of Foreign and Domestic Commerce of the Department of Commerce a sum sufficient to cover all costs of cabling and incidental expenses. If per-

fonctionnaire russe compétent aux Etats Unis un bon au nom du Gouvernement Impérial de Russie jusqu'à concurrence de la valeur de la marchandise au port d'importation, estimée au jour antérieur à la signature du bon. Ce bon sera valide pour une période d'au moins trois ans ou jusqu'à la fin de la guerre; et ledit bon devra garantir que les denrées, matières brutes ou produits qui en seraient fabriqués, dont l'importation serait désirée, ne seront pas réexportés des Etats Unis dans aucun autre pays, à moins qu'une permission spéciale ne soit accordée à cet effet par le Gouvernement Impérial de Russie ou par son Représentant.

3.

Submission of application to Russian Embassy.

L'importateur américain s'étant conformé aux conditions requises par les stipulations 1 et 2, l'Agent Commercial, chargé du Bureau de New-York de la Section du Commerce Etranger et Intérieur du Département du Commerce des Etats Unis devra aussitôt se renseigner sur la position et la responsabilité de l'importateur et sur tout autre détail à son égard qui pourrait paraître nécessaire. Ce n'est qu'après avoir établi que l'importateur en question satisfait à toutes les conditions requises, que l'Agent approuvera la demande et l'expédiera à l'Ambassade de Russie à Washington ou à son Représentant.

4.

Approval by Russian Government.

La requête en question aussitôt approuvée par l'Ambassade Impériale de Russie ou son Représentant, ladite Ambassade ou son Représentant demanderont sans délai au Ministère Impérial des Finances (Département des Douanes) le permis pour l'exportation des marchandises en question, étant entendu que l'importateur américain dépose chez l'Agent Commercial chargé du Bureau de New York de la Section du Commerce Etranger et Intérieur du Département du Commerce des Etats Unis une somme suffisante pour couvrir tous les frais de correspondance et autres dépenses

Notification.

mission for exportation be granted by the Imperial Russian Government, the American importer shall then submit his order to the Commercial Agent in charge of the New York office of the Bureau of Foreign and Domestic Commerce of the Department of Commerce for approval and the order shall be made out in such a way that the goods to be imported shall be consigned to the order of the Secretary of Commerce of the United States.

incidentes. Si le permis pour l'exportation est accordé par le Gouvernement Impérial de Russie, l'importateur américain devra soumettre sa commande à l'approbation de l'Agent Commercial des Etats Unis susmentionné et la commande devra être faite de telle façon que la marchandise à exporter soit consignée à l'ordre du Secrétaire du Commerce des Etats Unis.

Approval of bond.

5.

When permission for the exportation of the goods shall have been procured from the Imperial Russian Minister of Finance, the American importer shall execute his bond and file it with the proper Russian official in the United States for approval. Upon the receipt of this approval by the Commercial Agent in charge of the New York office of the Bureau of Foreign and Domestic Commerce of the Department of Commerce the consignment may be released to the American importer.

5.

Dès que le permis pour l'exportation des marchandises sera obtenu du Ministère des Finances de Russie, l'importateur américain signera son bon et le soumettra à l'approbation du fonctionnaire russe compétent aux Etats Unis. Aussitôt que l'approbation du bon sera communiquée à l'Agent Commercial chargé du Bureau de New York de la Section du Commerce Etranger et Intérieur du Département du Commerce des Etats Unis, la cargaison sera délivrée à l'importateur américain.

Forfeiture of bond.

6.

Should it be found that the terms of the bond have been violated and that the goods in question have been exported from the United States either in their original form or in manufactured form, except with the specific approval of the Imperial Russian Government or its representative, the bond shall be forfeited to the Imperial Russian Government.

6.

S'il se trouvait que les stipulations du bon aient été violées et que les marchandises aient été réexportées des Etats Unis, soit sous leur forme primitive soit sous forme de produits fabriqués, sans autorisation spéciale du Gouvernement de Russie ou de son Représentant, le bon écherra au Gouvernement Impérial de Russie.

Statements of shipments.

7.

The Commercial Agent in charge of the New York office of the Bureau of Foreign and Domestic Commerce of the Department of Commerce shall transmit to the Imperial Russian Commercial Attaché a statement setting forth the applications which have been made for importations of Russian goods into the United States and a statement of the actual arrivals of such goods, and these statements shall be made in triplicate on the first and fifteenth of each month.

7.

L'Agent Commercial chargé du Bureau de New York de la Section du Commerce Etranger et Intérieur du Département du Commerce des Etats Unis transmettra à l'Attaché Commercial de l'Ambassade de Russie une déclaration sur les requêtes pour l'importation de marchandises russes dans les Etats Unis qui ont déjà été faites et un compte-rendu des arrivages déjà effectués de ces marchandises, en triple, le premier et le quinze de chaque mois.

8.

It is understood that in case the Imperial Russian Government does not approve an application it is not bound in any way to give an explanation of the reasons of its refusal as these might be justified by considerations of State policy.

9.

It is understood that this agreement shall go into operation on September 23rd, 1915, and shall remain in force during the continuance of the embargo. If, however, American importers desire to import goods which have been purchased prior to the date above mentioned, such arrangements may be made under the usual procedure but will be subject to the special approval of the Imperial Russian Minister of Finance.

In witness whereof the undersigned have hereunto signed their names and affixed their seals.

Done at Washington this 23rd day of September, 1915.

8.

Il est entendu que dans les cas où le Gouvernement Impérial de Russie ne trouverait pas possible de satisfaire à certaines requêtes, il ne serait nullement tenu à donner des explications pour son refus qui serait motivé par des raisons d'intérêt d'Etats. Right to refuse application.

9.

Il est entendu que l'arrangement entrera en force le 23 Septembre, 1915, et restera en vigueur pour tout le temps de la durée de l'embargo. Si toutefois des importateurs américains désiraient exporter de Russie des marchandises achetées antérieurement à la date indiquée, des arrangements à cet effet pourraient être conclus suivant la procédure d'usage, mais devraient être sujets à une approbation spéciale de la part du Ministère des Finances de Russie. Duration of agreement.

En foi de quoi les soussignés ont signé le présent accord ayant apposé le sceau de leurs armes. Signatures.

Ifald de nuvaerende Love forandres, skal de ikke derved bringes i en ugunstigere Stilling i Henseende til de ovenomtalte Rettigheder og Friheder, end de nu nyder. And whereas it was further provided in the said resolution "That the Senate advises and consents to the ratification of the said Convention on condition that the attitude of the United States in this particular, as set forth in the above proviso, be made the subject of an exchange of notes between the Governments of the two High Contracting Parties, so as to make it plain that this condition is understood and accepted by the two Governments, the purpose hereof being to bring the said Convention clearly within the Constitutional powers of the United States with respect to church establishment and freedom of religion";

And whereas this condition has been fulfilled by notes exchanged between the two High Contracting Parties on January 3, 1917;

PROCLAMATIONS.

BY THE PRESIDENT OF THE UNITED STATES.

March 18, 1915.

A PROCLAMATION.

Standing Rock Indian Reservation, N. and S. Dak.
Disposal of lands in.
Preamble.
Vol. 37, p. 675.

I, WOODROW WILSON, President of the United States of America, by virtue of the power and authority vested in me by the Act of Congress approved February 14, 1913 (37 Stat., 675), do hereby prescribe, proclaim and make known that all the non-mineral, unallotted and unreserved lands within the Standing Rock Indian Reservation, in the States of North and South Dakota, shall be disposed of under the general provisions of the homestead laws of the United States and the said Act of Congress, shall be opened to settlement and entry, and shall be settled upon, occupied and entered in the following manner, and not otherwise:

1. *Execution and Presentation of Applications.*

Applications for homestead entry.

R. S., secs. 2304, 2305, 2307, p. 422.

Any person who is qualified to make entry under the general provisions of the homestead laws may swear to and present an application to make homestead entry of these lands on or after May 3, 1915, or any such person who is entitled to the benefits of Sections 2304, 2305 and 2307, of the Revised Statutes of the United States, may file a declaratory statement for these lands on or after said date. Each application to make homestead entry and each declaratory statement filed in person must be sworn to by the applicant before the Register or the Receiver of the United States land office for the district in which the lands are situated, or before a United States Commissioner, or a judge or a clerk of a court of record residing in the county in which the land is situated, or before any such officer who resides outside the county and in the land district and is nearest or most accessible to the land. The agent's affidavit to each declaratory statement filed by agent must be sworn to by the agent before one of such officers on or after May 3, 1915, but the power of attorney appointing the agent may be sworn to by the declarant on or after April 1, 1915, before any officer in the United States having a seal and authority to administer oaths. After applications have been so sworn to, they must be presented to the Register and Receiver of the proper land office. Applicants may present the applications in person, by mail, or otherwise. No person shall be permitted to present more than one application in his own behalf.

2. *Purchase money, Fees and Commissions.*

Payments.

One-fifth of the purchase price of the land applied for must be paid at the time of entry and a sum equal thereto must be tendered with all applications to make homestead entry. Such sum will also be required with declaratory statements presented on or before May 17, 1915, and when so tendered will be disposed of as hereinafter provided. In addition, each application to make homestead entry must

be accompanied by a fee of $5, if the area is 80 acres or less, or $10, if more than 80 acres, and commissions at the rate of $.02½ for each acre applied for; and each declaratory statement must be accompanied by a fee of $2.

3. *Disposition of Applications.*

Disposition of applications.

All homestead applications and declaratory statements received by the proper Register and Receiver on or after May 3, 1915, and on or before May 17, 1915, will be treated as filed simultaneously, and where there is no conflict such applications and statements, if in proper form and accompanied by the required payment, will be allowed on May 19, 1915. If such applications or statements conflict in whole or in part, the right of the respective applicants will be determined by public drawings, to be conducted by or under the supervision of the Superintendent of Openings and Sales of Indian Reservations. A drawing will be conducted for lands in North Dakota at the United States land office for the district in which the lands are situated, beginning at 10 o'clock, a. m., on May 19, 1915, and for lands in South Dakota at the United States land office for the district in which the lands are situated, beginning at 10 o'clock, a. m., on May 21, 1915. The names of the persons who presented the conflicting applications and statements will be written on cards and these cards shall be placed in envelopes upon which there are no distinctive or identifying marks. These envelopes shall be thoroughly and impartially mixed, and, after being mixed, shall be drawn one at a time by some disinterested person. As the envelopes are drawn the cards shall be removed, numbered beginning with number one, and fastened to the applications of the proper persons, which shall be the order in which the applications and statements shall be acted upon and disposed of. If homestead application or declaratory statement cannot be allowed for any part of the land applied for, it shall be rejected. If it may be allowed for part of, but not for all, the land applied for, the applicant, or the declarant through his agent, shall be allowed thirty days from receipt of notice within which to notify the Register and Receiver what disposition to make thereof. During such time, he may request that the application or statement be allowed for the land not in conflict and rejected as to the land in conflict, or that it be rejected as to all the land applied for; or he may apply to have the application or statement amended to include other land which is subject to entry and to inclusion in his application or statement, provided he is the prior applicant. If it is determined by the drawing that a declaratory statement shall be acted upon and disposed of before a homestead application for the same land, the homestead applicant shall be allowed thirty days from receipt of notice within which to advise the Register and Receiver whether to allow or to reject the application. If an applicant or a declarant or his agent, fails to notify the Register and Receiver within the time allowed what disposition to make of the application or statement, it will be rejected as to all the land applied for. Homestead applications and declaratory statements which are presented after May 17, 1915, will be received and noted in the order of their filing, and will be acted upon and disposed of in the usual manner after all such applications and statements presented on or before that date have been acted upon and disposed of.

Drawings.

Action on applications.

Disposition of moneys.

4. *Disposition of Moneys.* Moneys tendered with applications and statements presented on or before May 17, 1915, except fees for filing declaratory statements, will be deposited by the Receiver of the proper land office to his official credit and properly accounted for.

The fee for filing a declaratory statement must be paid even though the application is rejected, and such fee will be properly applied when the statement is filed. When a homestead application is allowed in whole or in part, the sums required as fees, commissions and purchase money will be properly applied, and any sum in excess of the required amount will be returned to the applicant. When a declaratory statement is allowed in whole or in part, the sum which will be required as purchase money if entry is made under the declaratory statement will be held until entry has been allowed under the statement or the time has expired within which entry may be made and any sum in excess of the required amount will be returned to the declarant. The moneys held will not be returned until the time has expired within which entry may be made under the statement but will be returned as soon as possible thereafter if entry is not made. Moneys tendered with applications and statements which are rejected in whole, except fees for filing declaratory statements, will be returned. If an applicant or declarant fails to secure all the land applied for and amends his application or statement to embrace other lands, the moneys theretofore tendered will be applied on account of the required payment under the amended application. If it is not sufficient, the applicant or declarant will be required to pay the deficiency, and if it is more than sufficient, the excess will be returned. Moneys returned to applicants or declarants will be returned by the official check of the Receiver of the proper United States land office. Moneys tendered with applications or statements presented after May 17, 1915, will be deposited by the Receiver of the proper land office in the usual manner.

Price of lands.

5. *Price of Lands.* Lands entered or filed upon prior to August 19, 1915, must be paid for at the rate of $5 per acre; those entered or filed upon on or after that date and prior to November 19, 1915, at the rate of $3.50 per acre; and those entered or filed upon on or after November 19, 1915, at the rate of $2.50 per acre. Should land be re-entered or re-filed upon, the price will be that fixed by the first entry or filing.

Residence, etc., required.

6. *Residence and Cultivation.* The residence, cultivation and improvements which will be required in connection with entries of these lands will be the same as are required in connection with other lands entered under the general provisions of the homestead laws.

Deferred payments.

7. *Deferred Payments.* The portion of the purchase price of the land which is not required when entry is made, may be paid in five equal installments, the first within two years from the date of entry and the remainder annually in three, four, five and six years, respectively, thereafter, unless commutation proof is submitted. If commutation proof is submitted, final payment must be made at that time. If three-year proof is submitted, final payment may be made then or at any time thereafter before the payments become due in the annual installments. Neither final certificate nor patent will issue under a three-year proof until final payment of purchase money has been made.

Forfeiture.

8. *Forfeitures.* If an entryman fails to make any payment when it becomes due, or fails to comply with the requirements as to residence, cultivation or improvement, his entry will be canceled and all payments theretofore made by him under the entry will be forfeited.

Advance settlements.

9. *Settlement in Advance of Entry.* Claims may be initiated to these lands by settlement in advance of entry on and after November 19, 1915, and not before then.

Regulations.

10. *Rules and Regulations.* The Secretary of the Interior is hereby authorized to make and prescribe such forms, rules and regulations as may be necessary to carry the provisions of this Proclamation into full force and effect.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the United States to be affixed.

And Whereas there are subjects of each of the said belligerents residing within the territory or jurisdiction of the United States, and carrying on commerce, trade, or other business or pursuits therein;

Restriction on, in territorial waters.

And I do hereby further declare and proclaim that any frequenting and use of the waters within the territorial jurisdiction of the United States by the armed vessels of a belligerent, whether public ships or privateers, for the purpose of preparing for hostile operations, or as posts of observation upon the ships of war or privateers or merchant vessels of a belligerent lying within or being about to enter the jurisdiction of the United States, must be regarded as unfriendly and offensive, and in violation of that neutrality which it is the determination of this government to observe; and to the end that the hazard and inconvenience of such apprehended practices may be avoided, I further proclaim and declare that from and after the twenty-fifth day of May instant, and during the continuance of the present hostilities, no ship of war or privateer of any belligerent shall be permitted to make use of any port, harbor, roadstead or other waters within the jurisdiction of the United States as a station or place of resort for any warlike purpose or for the purpose of obtaining any facilities of warlike equipment; and no ship of war or privateer of either belligerent shall be permitted to sail out of or leave any port, harbor, roadstead, or waters subject to the jurisdiction of the United States from which a vessel of an opposing belligerent (whether the same shall be a ship of war, a privateer, or a merchant ship) shall have previously departed, until after the expiration of at least twenty-four hours from the departure of such last-mentioned vessel beyond the jurisdiction of the United States. If any ship of war or privateer of a belligerent shall, after the time this notification takes effect, enter any port, harbor, roadstead, or waters of the United States, such vessel shall be required to depart and to put to sea within twenty-four hours after her entrance into such port, harbor, roadstead, or waters, except in case of stress of weather or of her requiring provisions or things necessary for the subsistence of her crew, or for repairs; in any of which cases the authorities of the port or of the nearest port (as the case may be) shall require her to put to sea as soon as possible after the expiration of such period of twenty-four hours, without permitting her to take in supplies beyond what may be necessary for her immediate use; and no such vessel which may have been permitted to remain within the waters of the United States for the purpose of repair shall continue within such port, harbor, roadstead, or waters for a longer period than twenty-four hours after her necessary repairs shall have been completed, unless within such twenty-four hours a vessel, whether ship of war, privateer, or merchant ship of an opposing belligerent, shall have departed therefrom, in which case the time limited for the departure of such ship of war or privateer shall be extended so far as may be necessary to secure an interval of not less than twenty-four hours between such departure and that of

any ship of war, privateer, or merchant ship of an opposing belligerent which may have previously quit the same port, harbor, roadstead, or waters. No ship of war or privateer of a belligerent shall be detained in any port, harbor, roadstead, or waters of the United States more than twenty-four hours, by reason of the successive departures from such port, harbor, roadstead, or waters of more than one vessel of an opposing belligerent. But if there be several vessels of opposing belligerents in the same port, harbor, roadstead, or waters, the order of their departure therefrom shall be so arranged as to afford the opportunity of leaving alternately to the vessels of the opposing belligerents, and to cause the least detention consistent with the objects of this proclamation. No ship of war or privateer of a belligerent shall be permitted, while in any port, harbor, roadstead, or waters within the jurisdiction of the United States, to take in any supplies except provisions and such other things as may be requisite for the subsistence of here crew, and except so much coal only as may be sufficient to carry such vessel, if without any sail power, to the nearest port of her own country; or in case the vessel is rigged to go under sail, and may also be propelled by steam power, then with half the quantity of coal which she would be entitled to receive, if dependent upon steam alone, and no coal shall be again supplied to any such ship of war or privateer in the same or any other port, harbor, roadstead, or waters of the United States, without special permission, until after the expiration of three months from the time when such coal may have been last supplied to her within the waters of the United States, unless such ship of war or privateer shall, since last thus supplied, have entered a port of the government to which she belongs.

Strict neutrality to be maintained.

And I do further declare and proclaim that the statutes and the treaties of the United States and the law of nations alike require that no person, within the territory and jurisdiction of the United States, shall take part, directly or indirectly, in the said wars, but shall remain at peace with all of the said belligerents, and shall maintain a strict and impartial neutrality.

Observance of laws enjoined.

And I do hereby enjoin all citizens of the United States, and all persons residing or being within the territory or jurisdiction of the United States, to observe the laws thereof, and to commit no act contrary to the provisions of the said statutes or treaties or in violation of the law of nations in that behalf.

Military aid to belligerents prohibited.

And I do hereby warn all citizens of the United States, and all persons residing or being within its territory or jurisdiction that, while the free and full expression of sympathies in public and private is not restricted by the laws of the United States, military forces in aid of a belligerent cannot lawfully be originated or organized within its jurisdiction; and that, while all persons may lawfully and without restriction by reason of the aforesaid state of war manufacture and sell within the United States arms and munitions of war, and other articles ordinarily known as "contraband of war", yet they cannot carry such articles upon the high seas for the use or service of a belligerent, nor can they transport soldiers and officers of a belligerent, or attempt to break any blockade which may be lawfully established and maintained during the said wars without incurring the risk of hostile capture and the penalties denounced by the law of nations in that behalf.

Contraband of war, etc.

Notice.

And I do hereby give notice that all citizens of the United States and others who may claim the protection of this government, who may misconduct themselves in the premises, will do so at their peril, and that they can in no wise obtain any protection from the government of the United States against the consequences of their misconduct.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the United States to be affixed.

National Negro Exposition. Preamble.

Vol. 38, p. 669.

A national exposition in commemoration of the achievements of the negro race during the last fifty years will be held in Richmond, Virginia, July fifth to twenty-fifth, 1915. The occasion has been recognized as of national importance by Congress through an appropriation of $55,000 to aid in its promotion and consummation. This sum is being expended by the terms of the appropriation under the direction of the Governor of Virginia. The exposition is under the auspices of the Negro Historical and Industrial Association. The action of Congress in this matter indicates very happily the desire of the nation, as well as of the people of Virginia, to encourage the Negro in his efforts to solve his industrial problem. The National Negro Exposition is designed to demonstrate his progress in the last fifty years and to emphasize his opportunities. As President of the United States, I bespeak the active interest of the nation in the exposition and trust that every facility will be extended to the leaders whose earnest work has made the undertaking possible.

Commended to the active interest of the nation.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.
